- GARBAGE COLLECTION FEE INCREASE -

This is a notice from the City of Georgetown informing our citizens that use Georgetown Municipal Water and Sewer Service or Kentucky American Water of the recent Garbage Collection Fee Increase made effective by City of Georgetown Ordinance No. 08-011 passed 06/27/08 by the Georgetown City Council.

The current rates have not been adjusted since 1996 and have failed to continually provide sufficient revenue to fund the sanitation program. The amended rates will help fund the sanitation program and reduce the need to subsidize from the city's general fund. The garbage collection fee appears on your water/sewer bill with a description that reads "GARBAGE". Below is a fee schedule of the current and amended rates for garbage pickup.

Garbage Fee Schedule
